Sec. 8. (a) Not later than July 1, 2008, the commission shall adopt rules under IC 4-22-2 to establish the Indiana Lifeline assistance program. The program shall offer reduced charges for basic telecommunications service to eligible customers. The rules adopted by the commission under this section must do the following:

The rules must specify that an eligible telecommunications carrier may not charge a participant an administrative charge or any other additional amount for toll limitation.

(2) Allow an eligible telecommunications carrier to block a participant's access to interexchange service, except for access to toll free numbers, if the participant owes an outstanding amount for basic telecommunications service. The rules must require an eligible telecommunications carrier to remove the block without additional cost to the participant upon payment of the outstanding amount.

(3) Prohibit an eligible telecommunications carrier from discontinuing basic telecommunications service to a participant because of nonpayment by the participant of charges for other services billed by the eligible telecommunications carrier, including interexchange service.

(b) Funding for the following costs of the program shall be determined by the commission, after notice and hearing, in a manner based on and consistent with comparable federal funding mechanisms for the federal Lifeline program:

(1) The costs of reimbursing eligible telecommunications carriers for lost revenues associated with providing reduced charges for basic telecommunications service to participants.

(2) Reasonable expenses incurred by the commission and eligible telecommunications carriers to:

(A) administer the program; and

(B) publicize the availability of the program in a manner reasonably designed to reach eligible customers.

(c) The rules adopted by the commission under IC 4-22-2 to establish the program must:

(1) take effect not later than July 1, 2009; and
